Perfect. Thanks very much, Eric. Even though this is a bit different than the one in the LWG's PRE, it will be helpful to us on Monday.

Have a great weekend,
Mikell

Here is what I have. I think this is the final version but am not absolutely sure. In any event, it should be pretty close.

Hi Eric,

For Monday's Eco Team work session, I'd like to be able to modify the PH Assessment Endpoints Table (Table 2-1 in the LWG's 9/9/05 PRE) as we move through our discussion. I think I recall you saying that you had a Word document of that table. Is that correct? If so, can you send it to me and Aron? Aron will be helping with note taking during the meeting.

Thanks very much,
Mikell
